

ERRATA

Erratum: Coherently precessing spin structure in a normal Fermi liquid [JETP Letters 59, 378–384 (1994)]

On page 380, Eq. (10) should read:

$$j_3 = \frac{\omega^2}{3u^2} u \times \frac{\partial (\sigma - \omega_L)}{\partial z}.$$

The line following Eq. (10) should read:

“Using the condition $(j_3 \cdot \omega_p) = 0$, we verify that...”
