

Erratum: Violation of T invariance in superfluid ^3He [JETP Lett. 35, No. 9, 485–488 (5 May 1982)]

I. B. Khriplovich

Pis'ma Zh. Eksp. Teor. Fiz. 35, No. 12, 544 (20 June 1982)

PACS numbers: 67.50.Fi, 11.30.Er, 99.10. + g

In the letter of Khriplovich, published in Vol. 35, No. 9, the author indicated that since the dipole moment of the electron induces a dipole moment in a ^3He atom through the hyperfine interaction, it can be studied in experiments on superfluid ^3He . This statement is incorrect.
