

Erratum: Effective chiral Lagrangians in QCD and the skyrmion [JETP Lett. 42, No. 11, 469–471 (10 December 1985)]

V. A. Andrianov and V. Yu. Novozhilov

Pis'ma Zh. Eksp. Teor. Fiz. 44, No. 1, 59 (10 July 1986)

In this paper by V. A. Andrianov and V. Yu. Novozhilov, published in Vol. 42, No. 11, the authors missed the following error: In Eq. (4) on p. 584 the term $-\frac{3}{2}F'^2$ should be inserted in square brackets:

$$\left[\frac{\sin^4 F}{2\tilde{r}^2} - \frac{3}{2}F'^2 + \frac{3}{2}\sin^2 F F'^2 \dots \right] .$$
