In the paper of Yu. S. Zinchik *et al.*, published in Vol. 33, No. 5, the authors have missed the following errors: In the caption of Fig. 1  $H$  (kG) should be replaced by  $H$  (T). The second paragraph on p. 266 should be omitted. The discussion in this section is incorrect, since it is based on an incorrect estimate of the effect of multivalley structure of the electron energy spectrum on the magnitude of negative magnetoresistance.
