Erratum: Oscillations of a commensurable charge-density wave under the influence of a constant electric field; an analogy with the Josephson effect
[JETP Lett. 33, No. 3, 155–160 (5 February 1981)]

S. N. Artemenko and A. F. Volkov
Pis'ma Zh. Eksp. Teor. Fiz. **33**, No. 8, 436 (20 April 1981)

In the article of S. N. Artemenko and A. F. Volkov, published in Vol. 33, No. 3, the authors missed the following misprints.

1) The left-hand side of Eq. (2) should read as follows:

$$\frac{1}{\omega_Q^2} \frac{\partial^2 \chi}{\partial t^2} + n \, | \gamma | \sin (n \, \chi) = \ldots \tag{2}$$

2) In the expression (b), which follows Eq. (4), and the sentence "In the same limiting cases"

$$\omega_0 = \frac{2 \, \Delta \, T \, \tau_2 \, n \, | \gamma |}{\hbar^2 \, \lambda \, \ln T / \eta} \, l \, \frac{\Delta}{T}$$

should be substituted for

$$\omega_0 = \frac{2 \Delta T \, \tau_2 \, n \, | \gamma |}{\hbar^2 \, \lambda \, \ln T / \eta} \, \exp \, \frac{\Delta}{T} \, .$$
