

Erratum

to paper **Dmitriev V. V. *et al.***, “Spin diffusion in liquid ^3He confined in planar aerogel”, published in *Pis'ma v ZhETF*, vol. 108, iss. 11, p. 772 (2018):

In our earlier paper we overestimated in-plane diffusion in diffuse scattering model (see the full version). The correct expression on page 772 should read

$$D_{\text{D}}^{xx} = 0.265 (1 + F_0^a) \frac{v_F d}{\nu}.$$

Predicted diffusion anisotropy is $D_{\text{D}}^{xx}/D_{\text{D}}^{zz} = 1.41$, and for our aerogel parameters $D_{\text{D}}^{xx} = 0.00346 \text{ cm}^2/\text{s}$.
